

# Registering For Okta

JACKSONVILLE UNIVERSITY MEETS OKTA

SINGLE SIGN-ON AND MULTI-FACTOR AUTHENTICATION

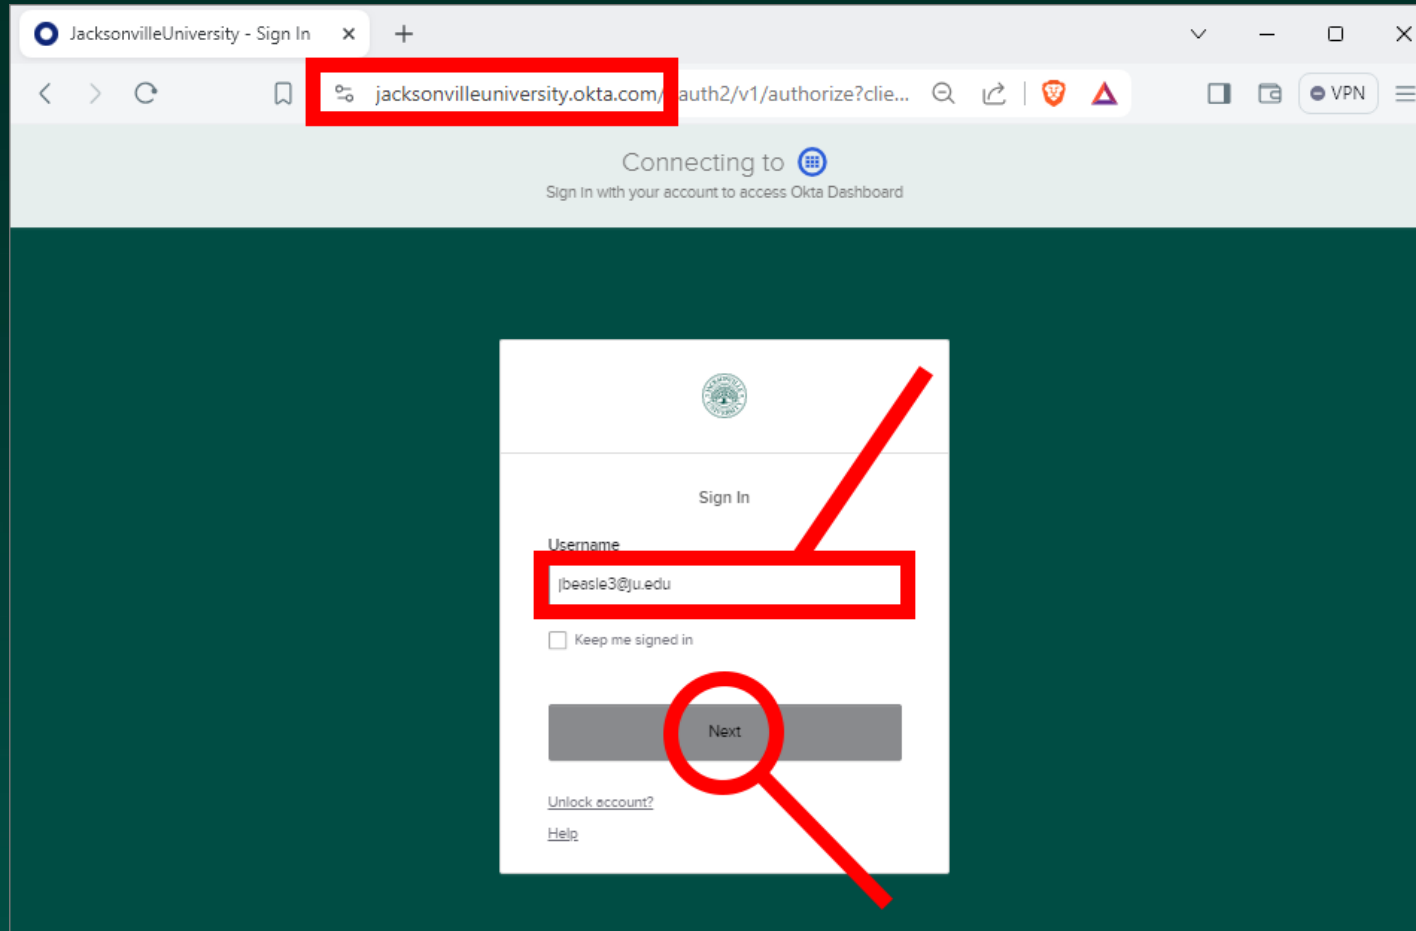

# Technology Requirements

- ▶ Computer with Browser (Chrome, Firefox, Edge, etc.)
- ▶ Smartphone (iPhone, Android)

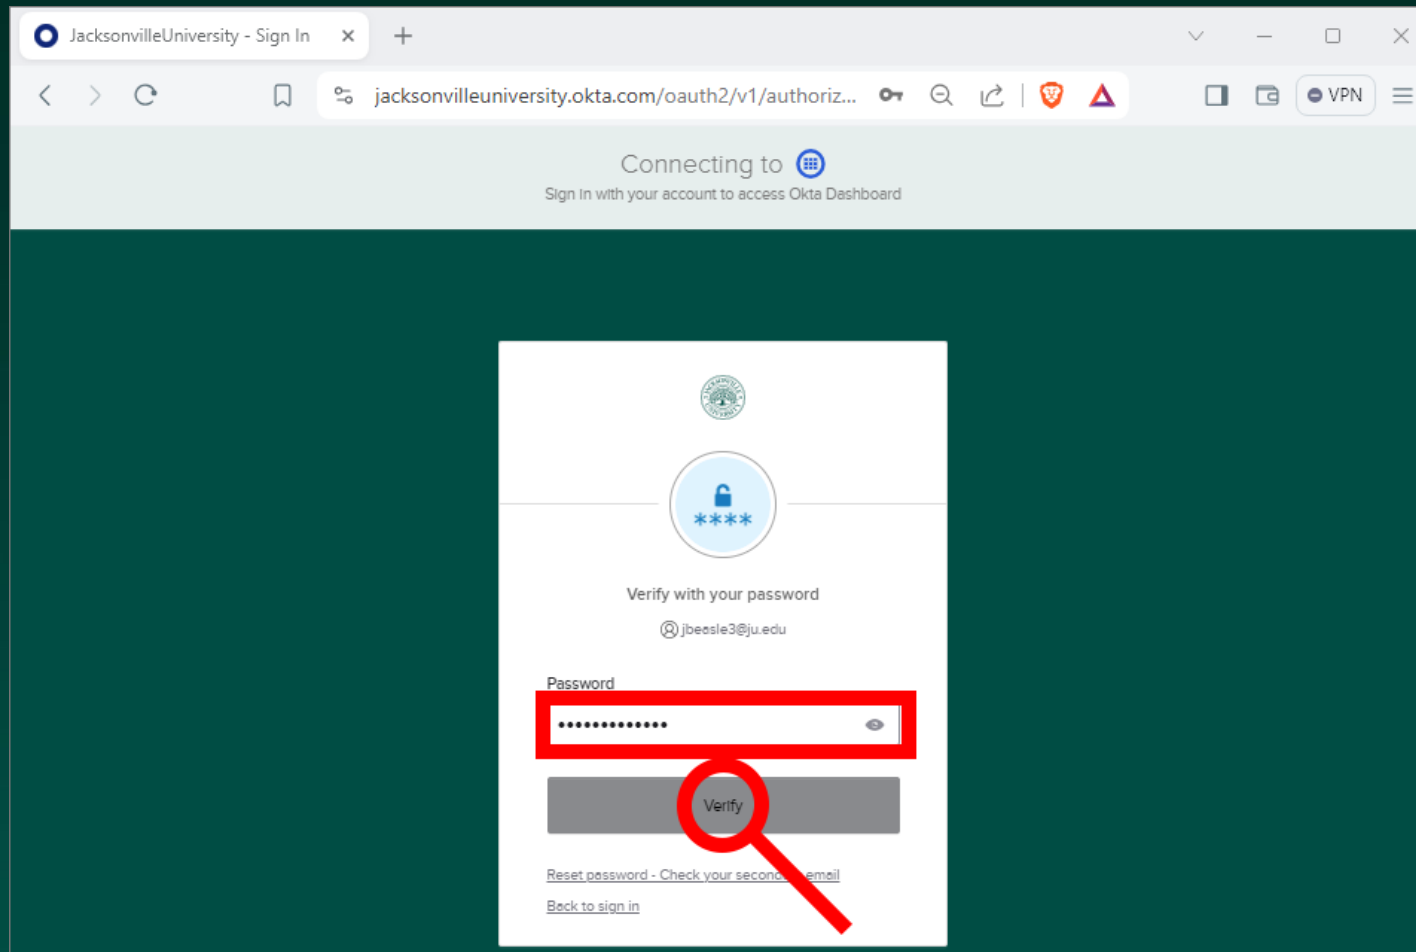

# On the Computer

Open a browser then go to [jacksonvilleuniversity.okta.com](https://jacksonvilleuniversity.okta.com).  
Enter your full JU email then click Next.

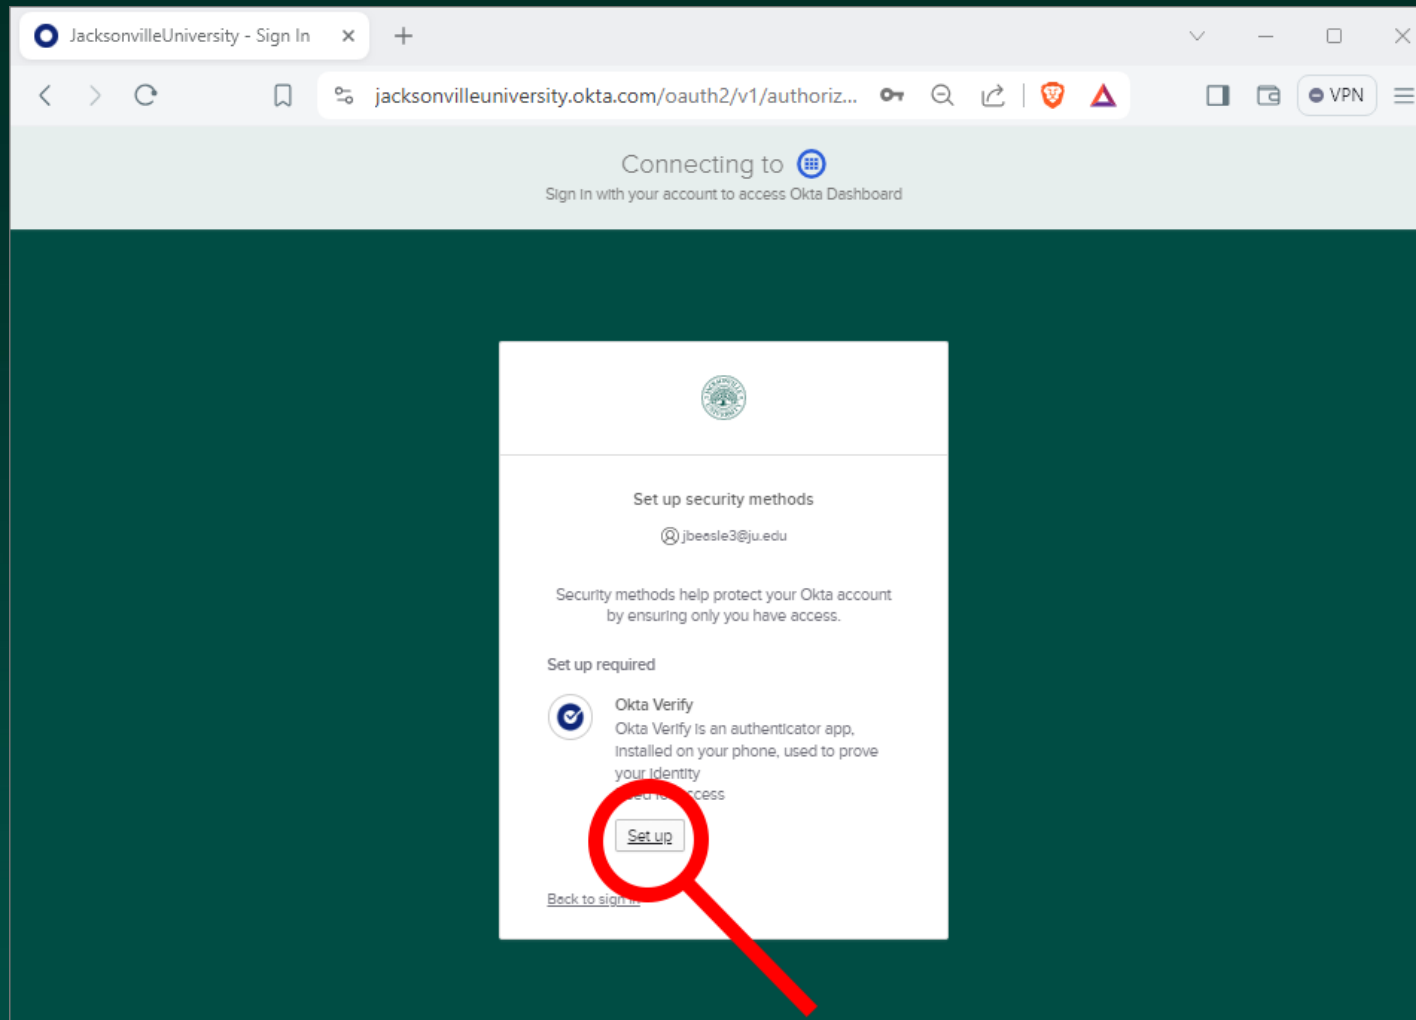

# On the Computer

Enter your JU password then click Verify.

# On the Computer

Click on the Set up button for Okta Verify.

The screenshot shows a web browser window with the following content:

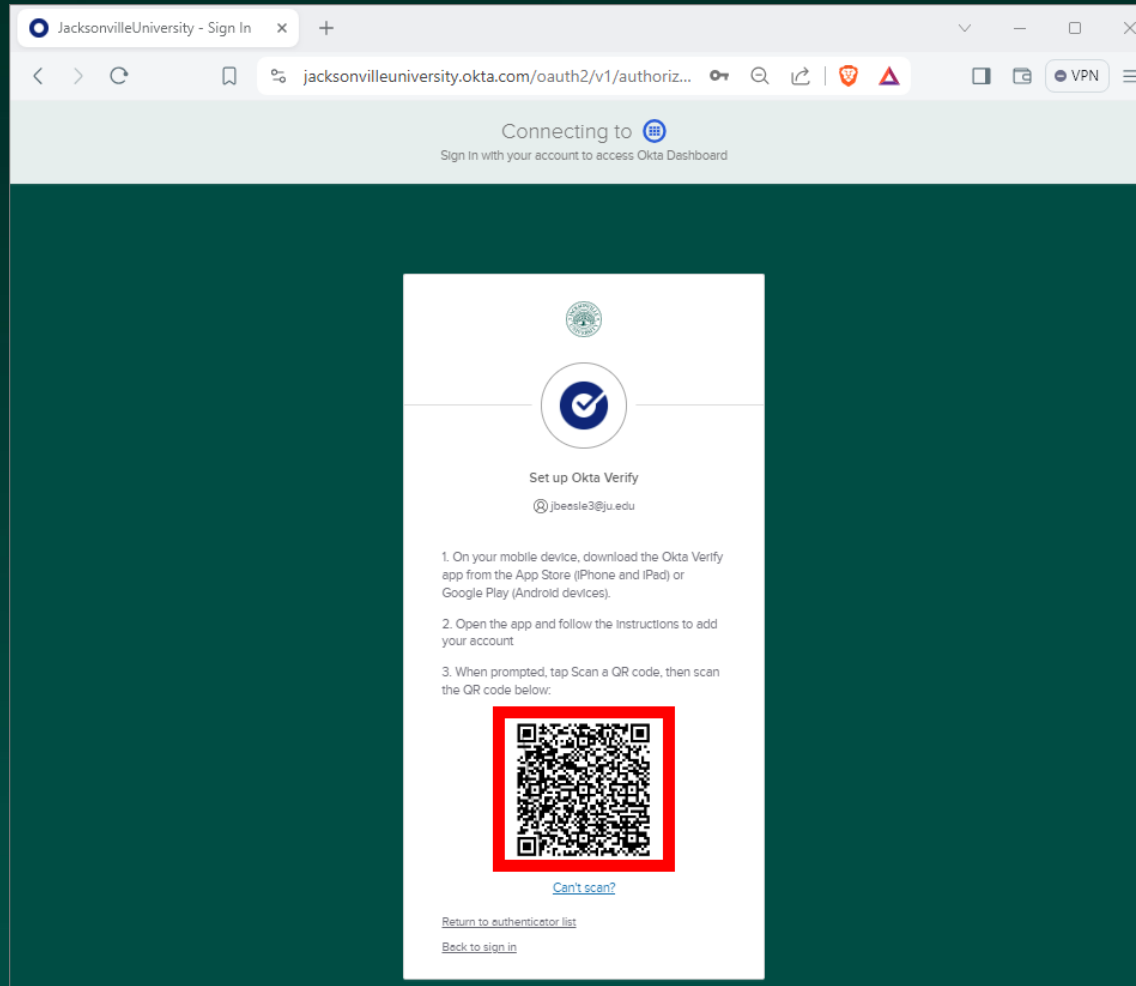

- Browser tab: JacksonvilleUniversity - Sign In
- Address bar: jacksonvilleuniversity.okta.com/oauth2/v1/authoriz...
- Page header: Connecting to [Okta Logo] Sign in with your account to access Okta Dashboard
- Page content:
  - Logo of Jacksonville University
  - Section: Set up security methods
  - User: @jbeesle3@ju.edu
  - Text: Security methods help protect your Okta account by ensuring only you have access.
  - Section: Set up required
  - Item: Okta Verify (with a checkmark icon)
    - Text: Okta Verify is an authenticator app, installed on your phone, used to prove your identity and access.
    - Button: Set up (highlighted with a red circle)
  - Link: [Back to sign in](#)

# On the Computer

At this point pause on the computer. In a later slide, you will scan the QR code displayed on your computer. Do not close the browser.

Proceed to the next slide and pick up your phone.

The screenshot shows a web browser window with the following content:

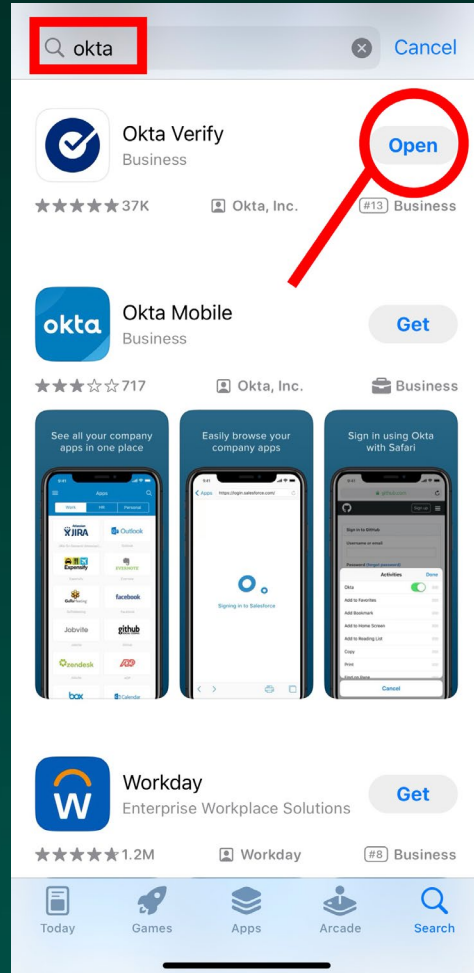

- Browser tab: JacksonvilleUniversity - Sign In
- Address bar: jacksonvilleuniversity.okta.com/oauth2/v1/authoriz...
- Page header: Connecting to [Okta logo] Sign in with your account to access Okta Dashboard
- Page content:
  - Okta logo
  - Okta Verify logo
  - Section: Set up Okta Verify
  - User: jbeesle3@ju.edu
  - Instructions:
    1. On your mobile device, download the Okta Verify app from the App Store (iPhone and iPad) or Google Play (Android devices).
    2. Open the app and follow the instructions to add your account
    3. When prompted, tap Scan a QR code, then scan the QR code below:
  - QR code (highlighted with a red box)
  - Link: [Can't scan?](#)
  - Link: [Return to authenticator list](#)
  - Link: [Back to sign in](#)

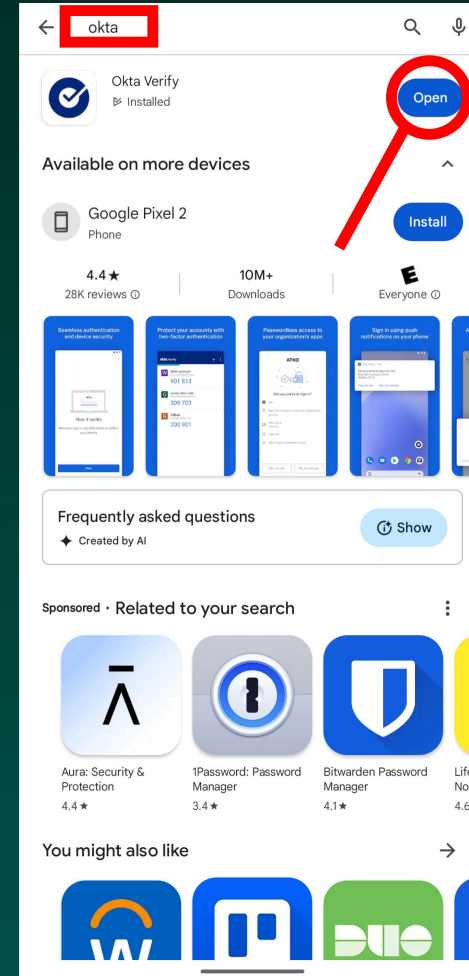

# Setup Okta on the Phone

Open the App Store or Play Store, search Okta, then download Okta Verify from the Store.

iPhone

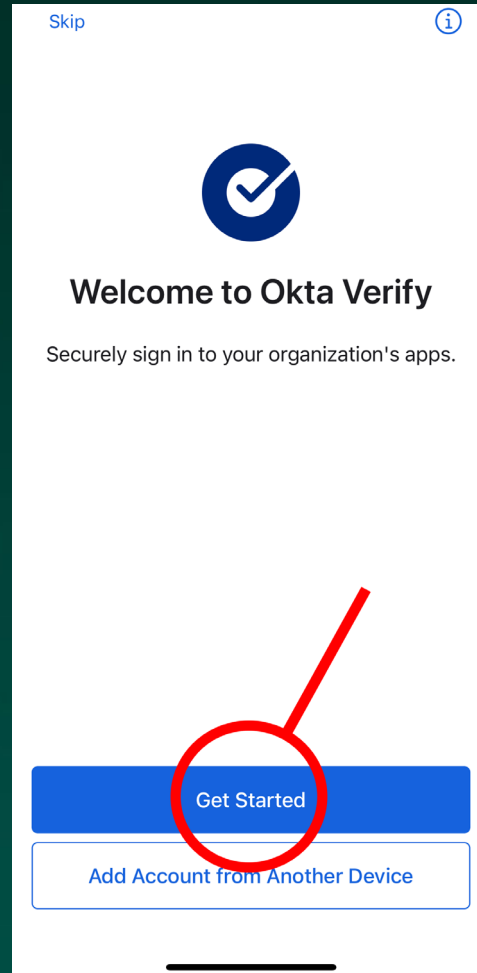

Android

# Setup Okta on Phone

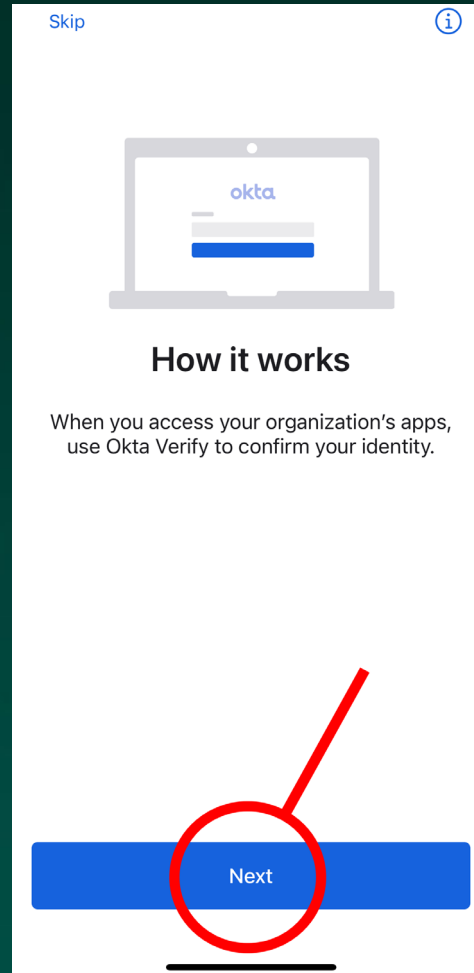

Once downloaded, open the Okta Verify app, then tap the Get Started button.

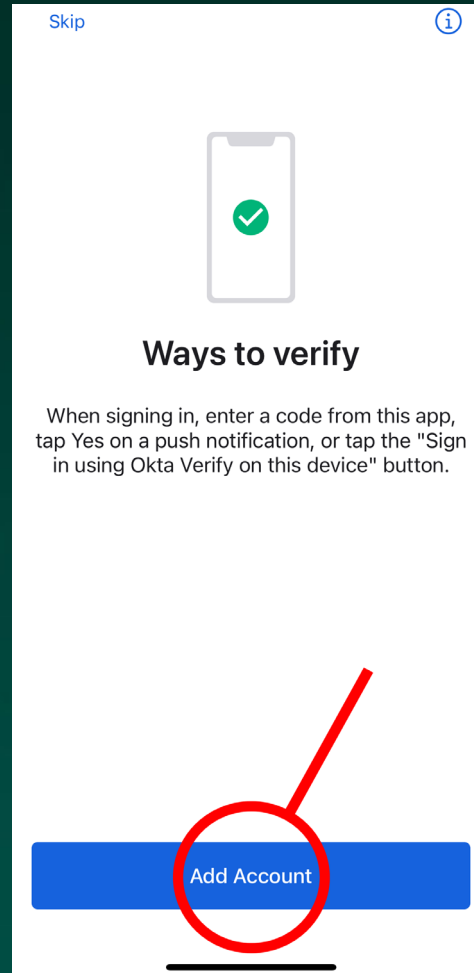

# Setup Okta on Phone

Tap the Next button.

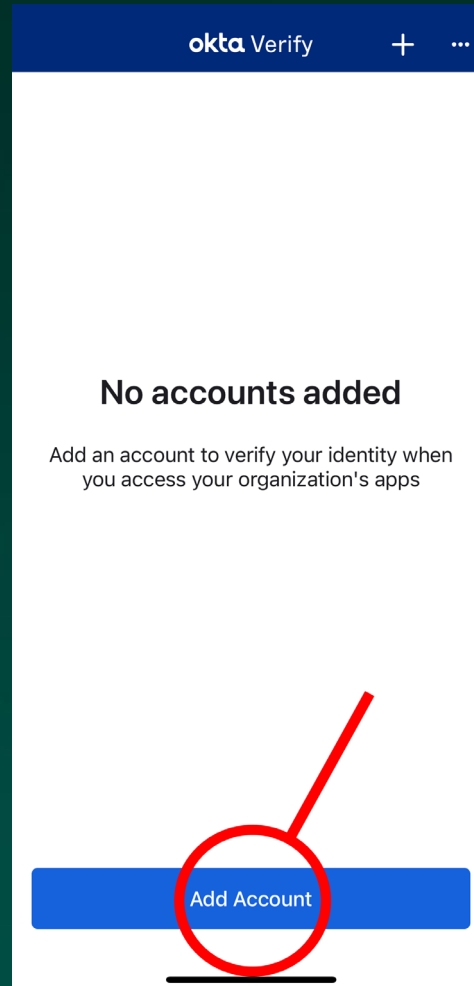

# Add Account to Okta

Tap Add Account.

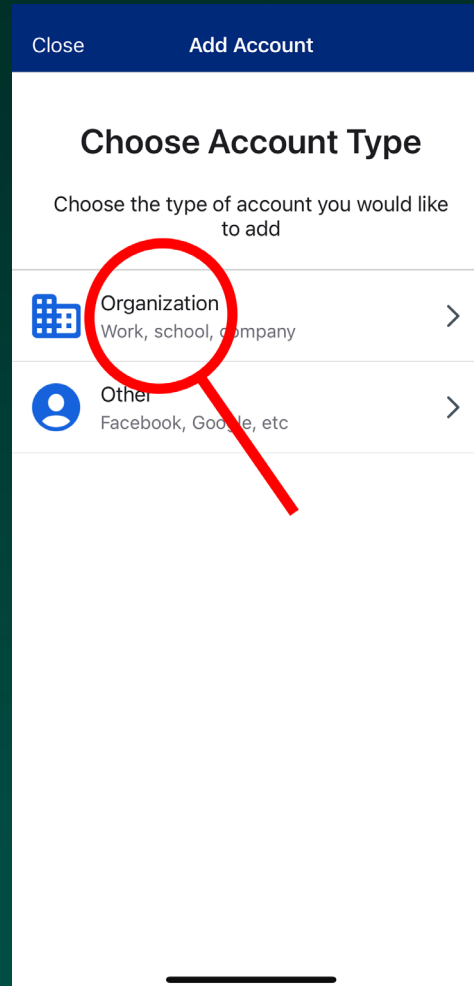

# Add Account to Okta

Tap Add Account.

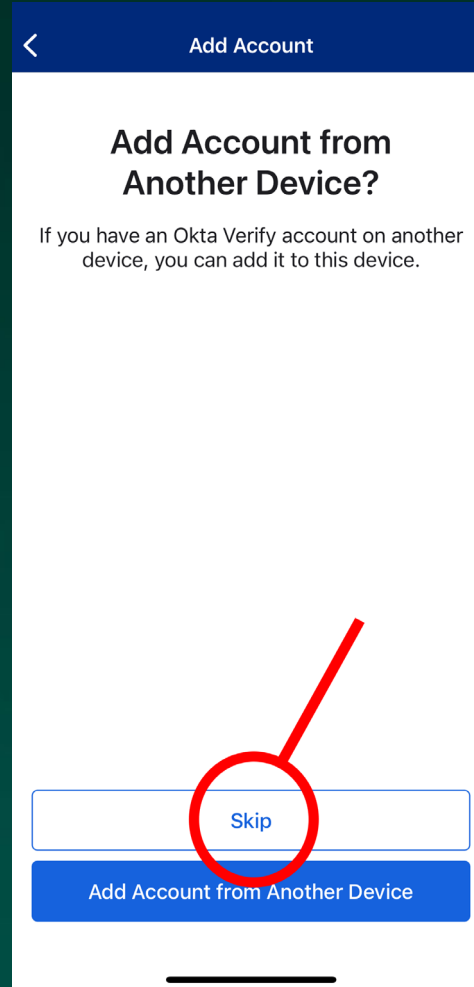

# Add Account to Okta

Tap on Organization.

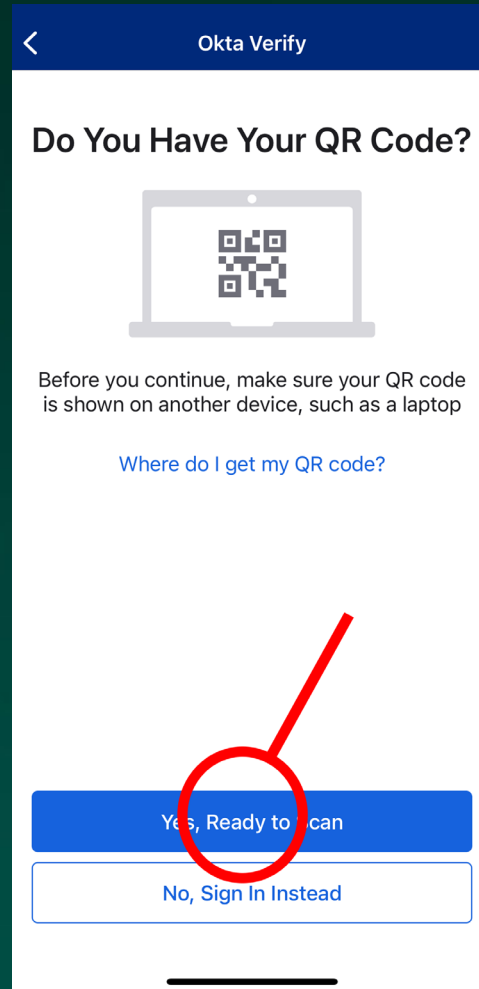

# Add Account to Okta

Tap on Skip.

# Add Account to Okta

Tap on Yes, Ready to Scan.

# Add Account to Okta

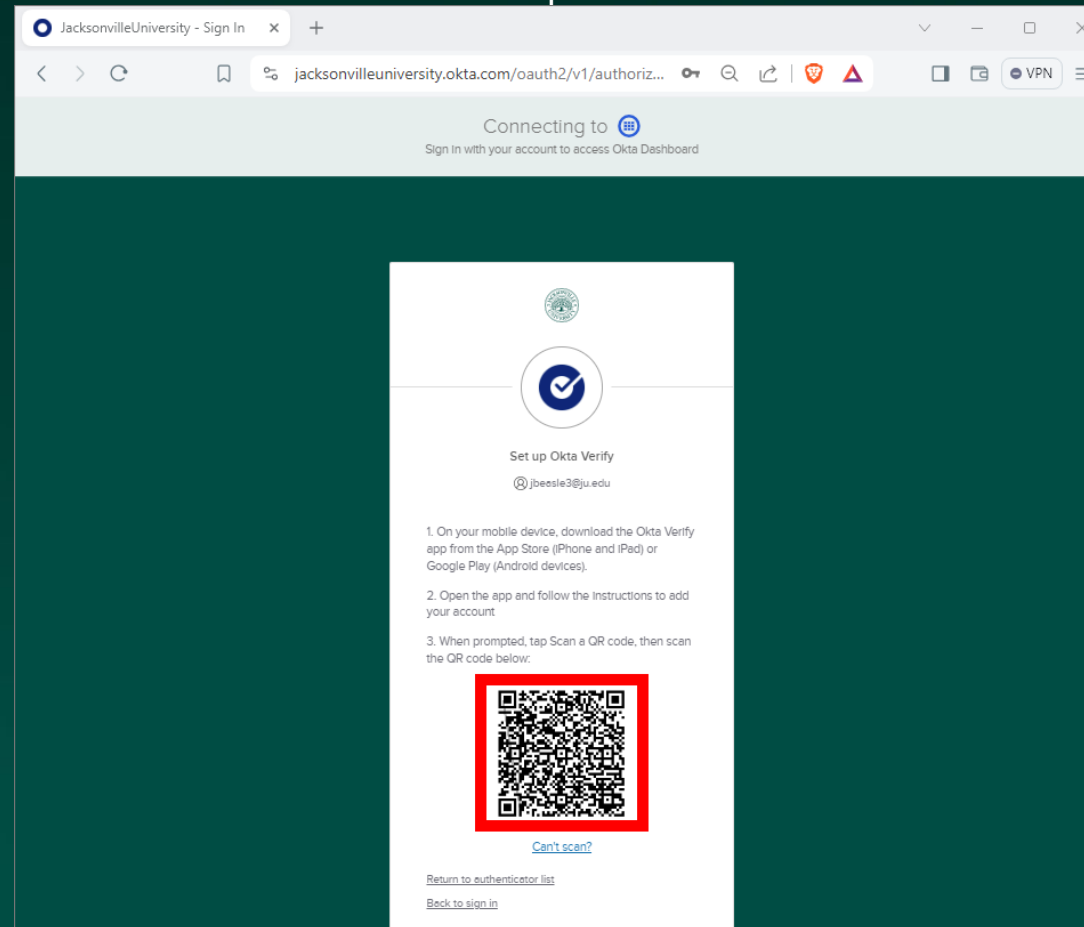

Remember the QR code from earlier? Use the phone's camera to scan the QR code that is displayed on the computer.

Note: You may have to allow permissions for the camera through a pop-up box on the phone. If so, tap Allow.

## Phone

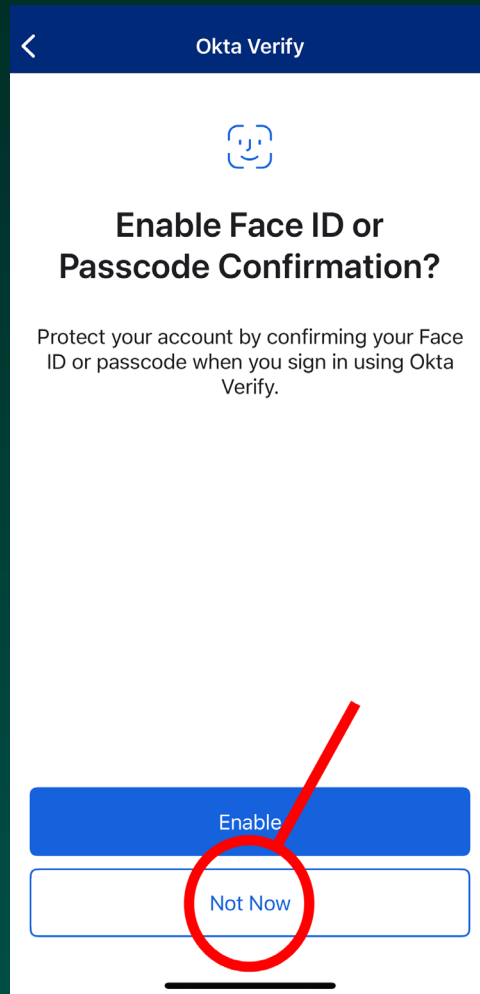

## Computer

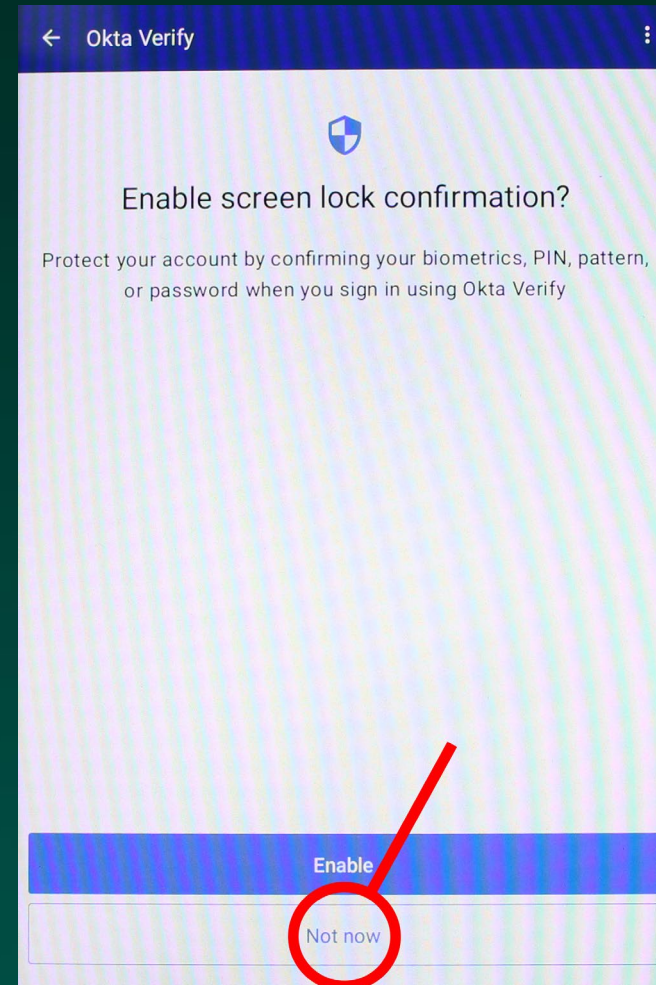

# Add Account to Okta

Tap on Not Now.

## iPhone

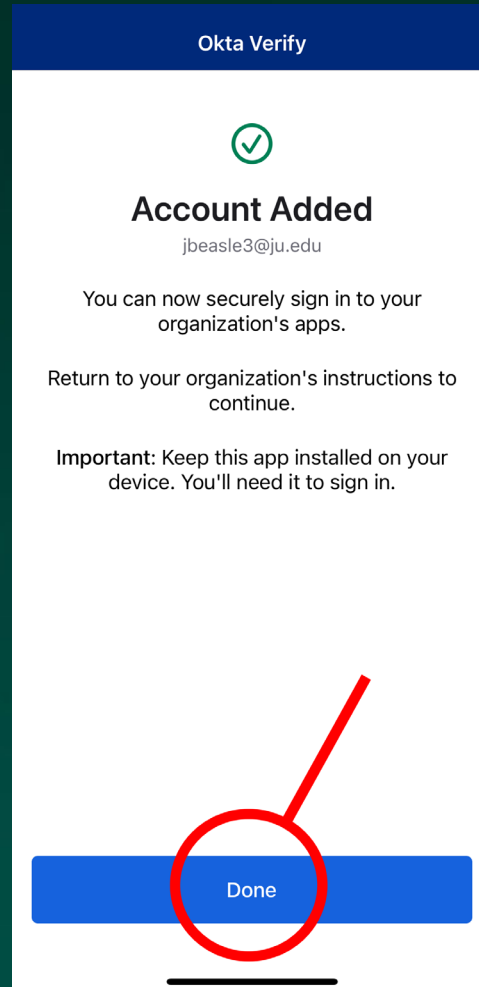

## Android

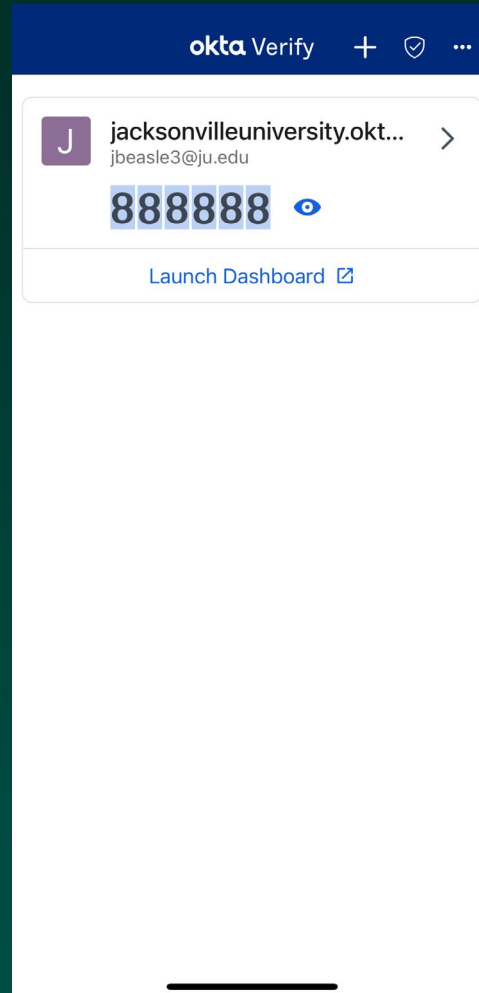

# Add Account to Okta

Tap Done.

# Add Account to Okta

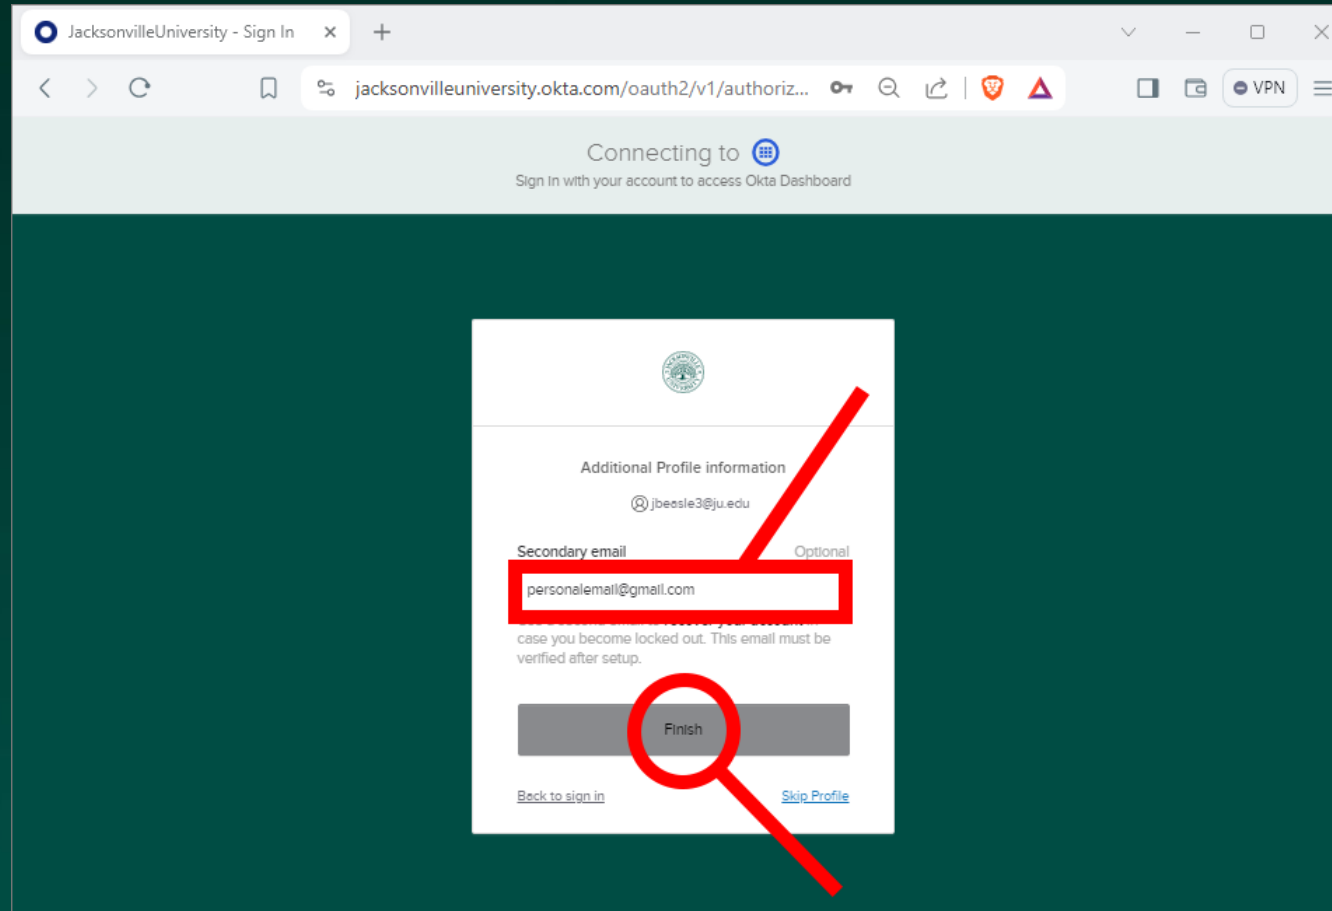

Your account has been added! Verify that your JU email is correct on line two. Proceed to the next slide.  
Note: You will see six numbers. They change every 30 seconds. You can ignore them.

# Additional Profile Information

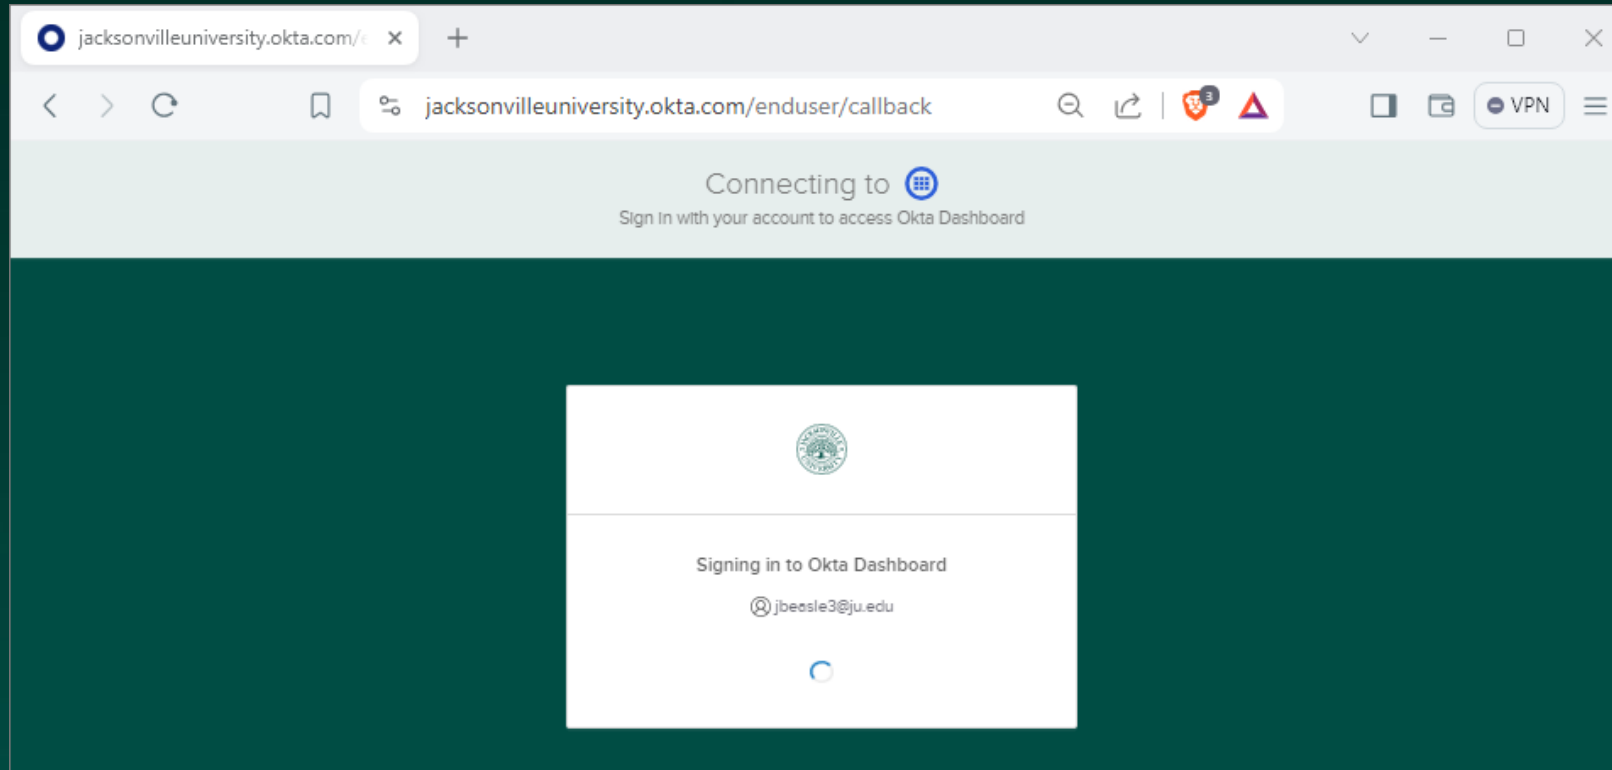

On the computer, type in a secondary email account you have access to if your JU account needs to be recovered. Then click Finish.

Note: Do not use a Jacksonville University email address.

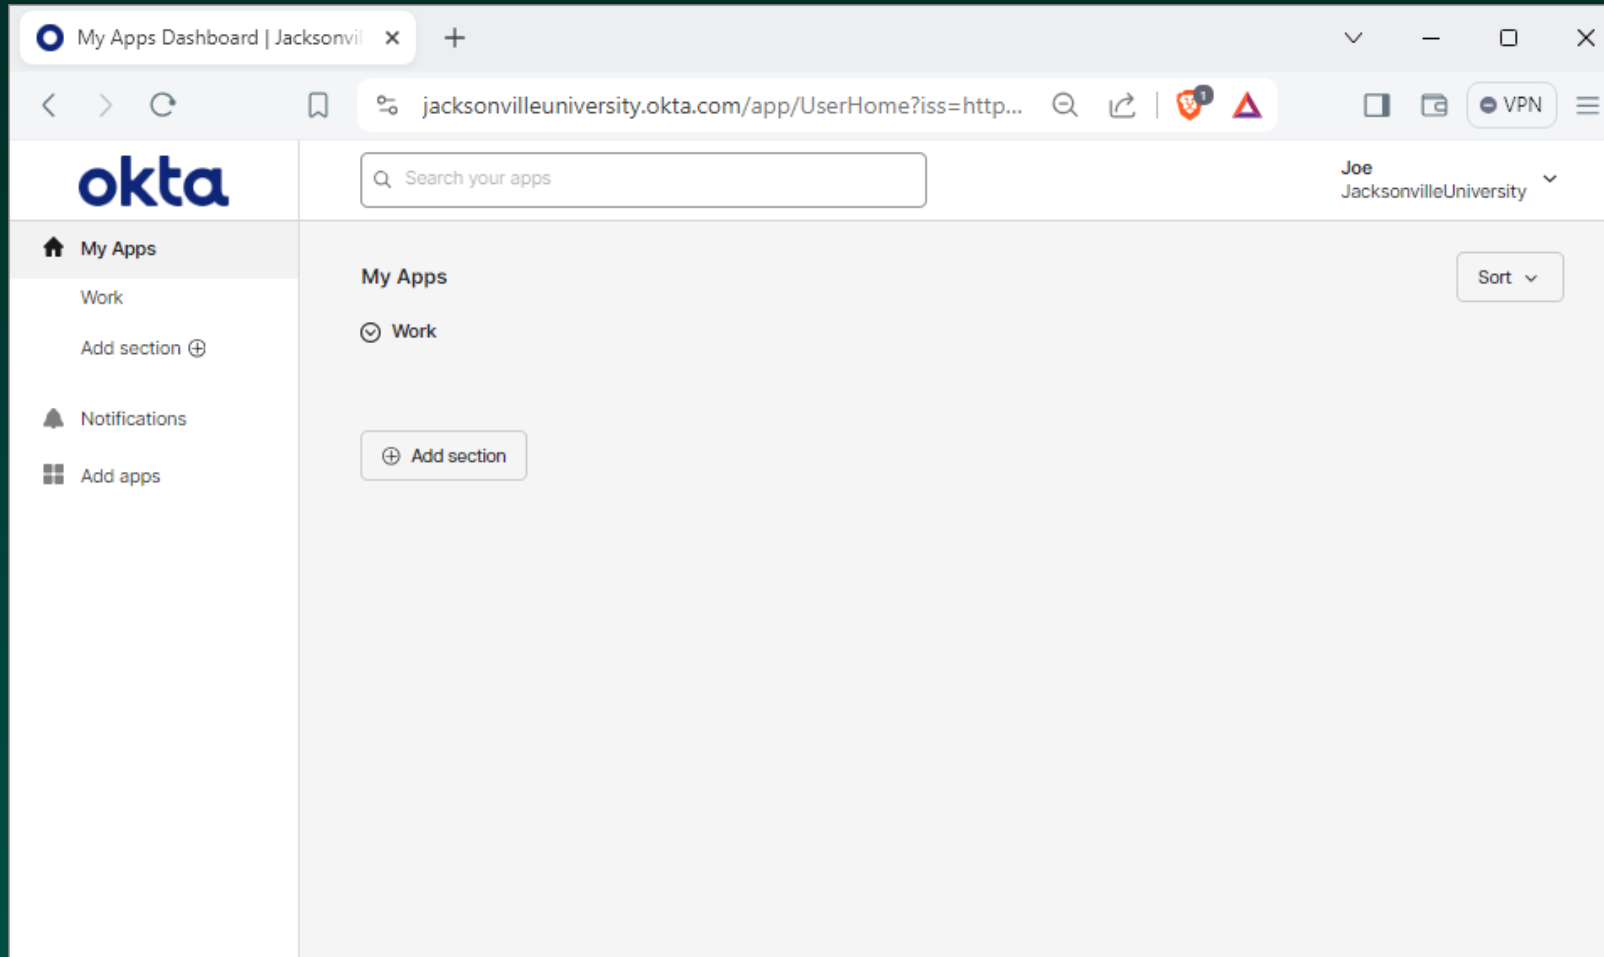

# Add Account to Okta

Your computer's browser will display a signing in screen and will lead you to the new JU dashboard.

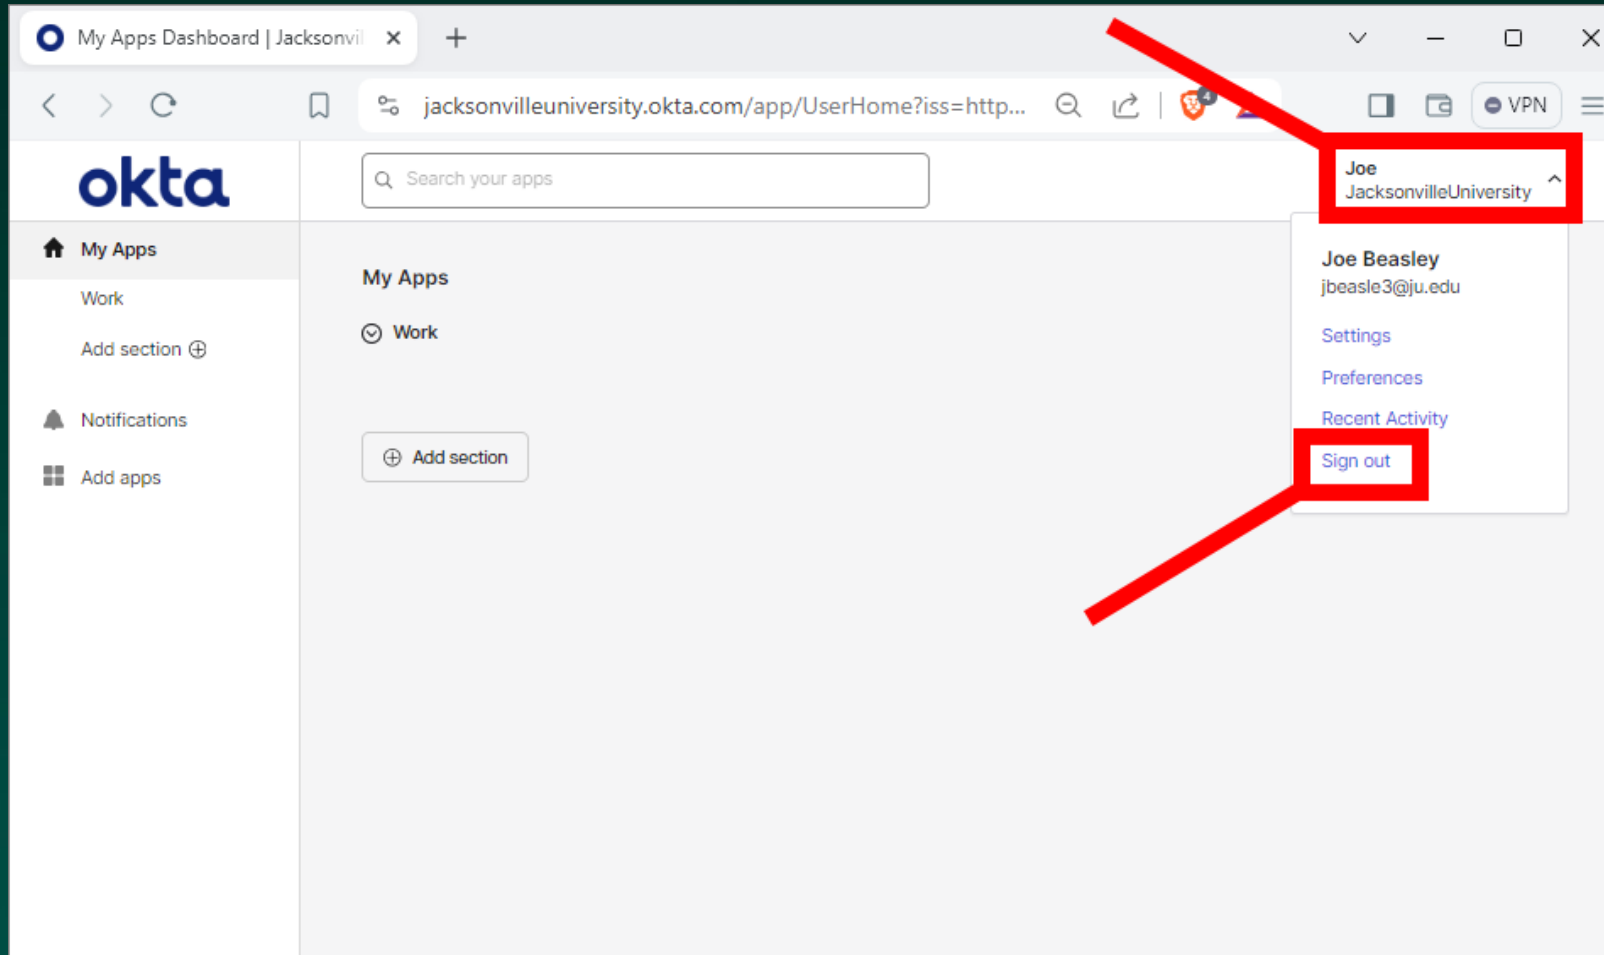

# JU Dashboard within Okta

This is the new JU Dashboard. During the initial registration, the screen will be blank. After our Go-Live date, you will be able to launch apps like Blackboard, Office 365, TeamDynamix, etc. from within this new Dashboard. Proceed to the next slide.

# Sign out of the Dashboard

Click your name at the top right corner, then click Sign Out. Do not close the browser.

# Log back into the Dashboard

To finalize your MFA registration, log back into the Dashboard. Enter your JU email address, then click Next.

# Log back into the Dashboard

Tap on Select for the Get a push notification option. Proceed to the next slide.

The screenshot shows a web browser window with the following elements:

- Browser tab: JacksonvilleUniversity - Sign In
- Address bar: jacksonvilleuniversity.okta.com/oauth2/v1/authorize?clie...
- Header: Connecting to [Okta Logo] Sign In with your account to access Okta Dashboard
- Content area:
  - Logo of Jacksonville University
  - Text: Verify it's you with a security method
  - Email: jbeasle3@ju.edu
  - Text: Select from the following options
  - Option 1: Enter a code Okta Verify (with a 'Select' button)
  - Option 2: Get a push notification Okta Verify (with a 'Select' button circled in red and a red arrow pointing to it)
  - Link: [Back to sign in](#)

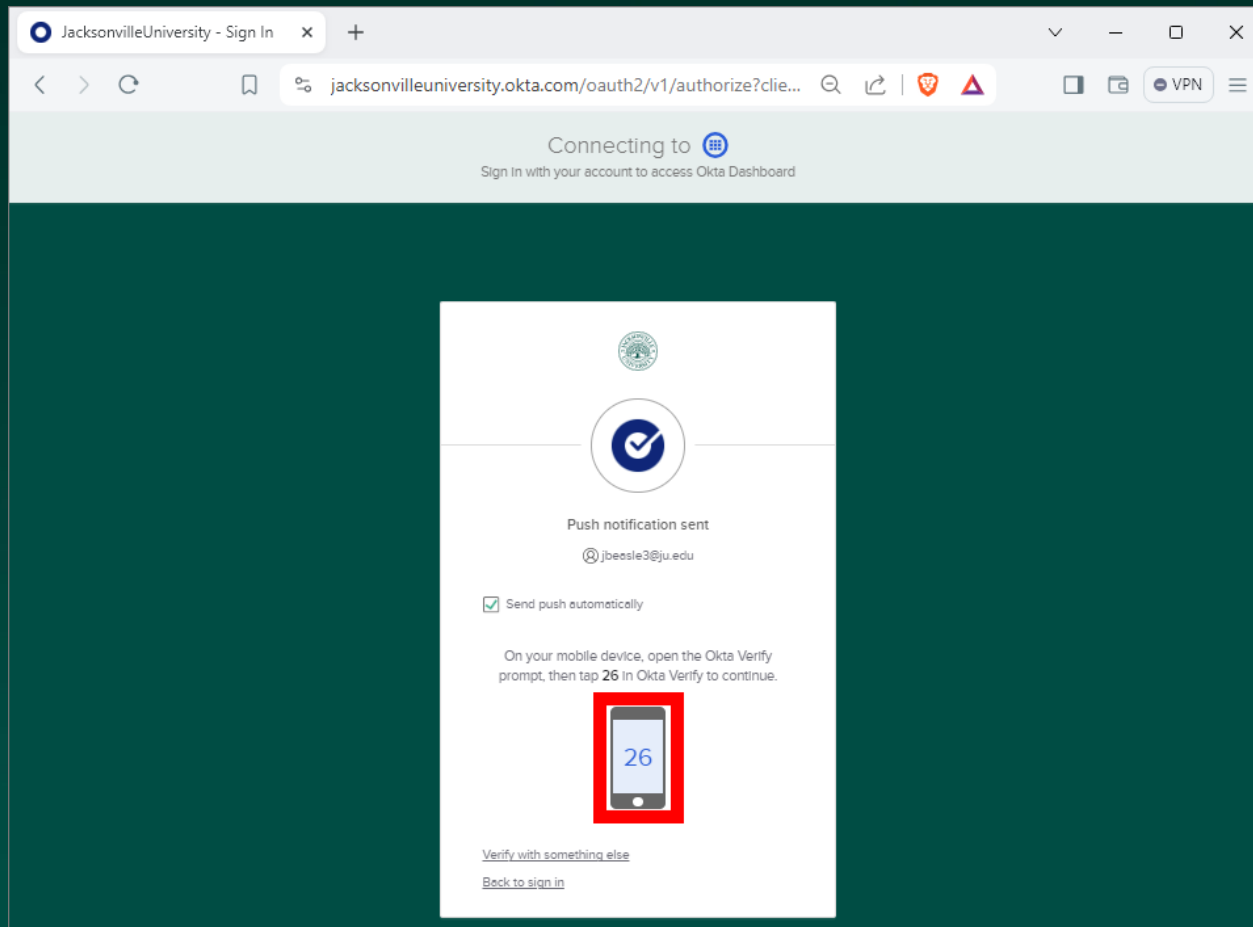

# Okta Number Challenge

Your screen will display a number and your phone will receive an Okta notification. Tap on the notification. This will open the Okta app and present three number options. In the example, the matching number is 26. Your numbers will be different. Tap your matching number on the phone.
